

RUBBER GRATINGS MR12 Roll

Rubber gratings on a roll

11

Composition : 100% natural rubber
(recycled and non-recycled natural rubber)

Advantages:

- The only grating on a roll
- Model conforming to the disabled standard LOGC940024A (Holes diameter must be less than 20 mm)
- Very thin to reduce the risk of tripping, and to facilitate the passage of wheelchairs
- Non-slip and draining
- Lightweight and easy to fit
- Laying on a hard floor

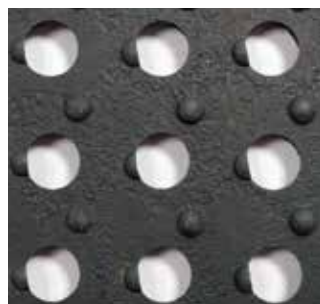

Colour: black - Other colours on request

+ **Info :** custom cutting
